Chris Edmondson

Manual or Automatic Balance for Owner Satisfaction

This month's chapter program will give us the opportunity to learn more about manual or automatic balance of hydronic systems.

This program will discuss the following:

- Why should an owner balance a hydronic system
- ASHRAE 90.1 Standard balance requirements
- Understanding Manual and Automatic Flow Limiter Balance
- Simple ways for the Owner to check a balance report
- Summary guidelines on Manual and Automatic balance

Chris Edmondson received his B.S. Degree in Mechanical Engineering from North Carolina State University in 1967. After graduation, he spent four and a half years as a salesman with the Trane Company. In 1971, he came to work for the James M. Pleasants Co., Inc. He worked as an Outside Salesman until 1978, when he was promoted to Vice President and Sales Manager till 1987. From 1987 to 2010, he has served as President of the Pleasants Company. Chris is currently CEO of James M. Pleasants Company.

Professional Development Certificates (1 hour) will be provided after the webinar. The webinar should conclude by 1 pm

Membership Notes

- We are always looking for more great ideas of programs and speakers. Please feel free to suggest any topics you would like to learn about

2021-22 Chapter Programs

Good programs are what make the Chapter meetings a success. Last year your participation (attendance) was great. It is directly attributable to the quality of programs. Input is continually needed from everyone (both members and non-members) for topics (and potential presenters) that are of interest. Efforts will be made to address all needs (residential, commercial, nuclear, renewable, etc.), so do not be ashamed to ask.

Contact [Kay Thrasher](#) or any current Board member with suggestions.
