**ETHICS – An
Interactive
Presentation
Using Real-life
Examples**

This month's chapter program will give us the opportunity to learn more about ethics in the real world of engineering.

This program will incorporate the involvement of all attendees in seeking to resolve engineering ethics issues in accordance with the guidance of NSPE's Code of Ethics – topics will range from Conflict of Interest, Job Qualifications, Out of State Licensure to Misrepresentation of Accomplishments, Disclosure of Personal Information and Objectivity & Truthfulness as a Project Engineer.

Terry E. Townsend, P.E., Fellow ASHRAE, is president, Townsend Engineering Inc., Chattanooga, Tennessee, and Panama City, Florida. In 2006-07, he served as president of ASHRAE, where he focused the Society's efforts on The ASHRAE Promise: A Sustainable Future, highlighting ASHRAE's work in sustainability in the building environment. His achievements as president include launching ASHRAE's first ever certification program, accelerating and expanding the Advanced Energy Design Guide series, setting more stringent savings for ASHRAE's energy standard, and proving resources on how ASHRAE can minimize the impact of its meetings on the environment.

Professional Development Certificates (1 hour) will be provided after the webinar. The webinar should conclude by 1 pm

2022-23 Chapter Programs

Good programs are what make the Chapter meetings a success. Last year your participation (attendance) was great. It is directly attributable to the quality of programs. Input is continually needed from everyone (both members and non-members) for topics (and potential presenters) that are of interest. Efforts will be made to address all needs (residential, commercial, nuclear, renewable, etc.), so do not be ashamed to ask.

Contact [Kay Thrasher](#) or any current Board member with suggestions.
